

Graduate Diploma in Neurosciences

Course Information:

University Affiliation: La Trobe University

Unit/Department Information: St Vincents & Mercy Private Hospital has a 31 bedded neurosciences unit. The unit comprises all types of neurosurgical and neurology cases, including telemetry monitoring for epilepsy. It has an inhouse neurosurgery registrar and a neurosciences resident. It is an environment that is conducive to learning and is very supportive of students. In conjunction with La Trobe University, St Vincents & Mercy Private supports the neurosciences postgraduate diploma. We welcome any enquiries about the course and application process.

How to Apply: Apply to the University of your choice. Send a curriculum vitae and cover letter seeking employment at St Vincents & Mercy Private Hospital to the contact person below.

Applications will close mid November.
